September 24th, 2025: We're glad to bring you to the soft launch of our website behomeproject.com where we serve our community members such as veterans, reentry citizens and homeless individuals. Our vision is to have a community where everyone has a safe home, feels valued, and is empowered to rebuild their life.

We'll be giving out regular updates through our newsletter on our website, so keep in touch and check back for more!
